

Bridge Program - Caring for Miami

Miami-Dade County has many different kinds of people who speak different languages and come from various cultures. More than half of the people living in Miami-Dade were born in other countries. The most common languages spoken here are Spanish, English, and Creole.

This group provides free English classes to assist residents, immigrants, and citizens who desire to advance their English-speaking skills.

For 13 weeks, students learn English with their classmates. Each student is tested and placed in classes that fit their level. There are classes for Beginners, Intermediates, and Advanced students, so everyone can find the right class for them. Please call to learn more.
